

European Yearbook of Minority Issues

European Yearbook of Minority Issues, Volume 6 2006/2007

The European Yearbook of Minority Issues provides a critical and timely review of contemporary developments in minority-majority relations in Europe. It combines analysis, commentary and documentation in relation to conflict management, international legal developments and domestic legislation affecting minorities in Europe.

Part I contains scholarly articles, and, in 2006/7, features two special focus sections on “Crossborder Cooperation and Minorities in Eastern Europe” and “Diversity Management and Integration.”

Part II reviews the implementation of minority legislation and international standards at the universal and regional levels as well as new developments in relation to them.

Apart from providing a unique annual overview of minority issues for both scholars and practitioners in this field, the Yearbook is an indispensable reference tool for libraries, research institutes as well as governments and international organizations.

The European Yearbook is edited in collaboration with the Minorities and Regional Autonomies Department of the European Academy Bozen/Bolzano. Volume 7 will appear in 2009.
